The references listed on Form PTO/SB/08 were cited in a French Search Report issued in the counterpart French application. A copy of the Search Report is enclosed. Three of the references cited in the Search Report, U.S. Patent No. 6,050,072, Japanese Patent Application No. 2001-275438 and Japanese Patent Application No. 03-004714 were previously submitted in the Information Disclosure Statement of February 5, 2004. Therefore, these references are not cited on Form PTO/SB/08A and copies of these references are not enclosed herewith. French Patent Application No. 2814330, which was also cited in the Search Report is designated as "Category A" technological background references in the Search Report, indicating that this reference is not considered to be particularly relevant. Therefore, French Patent Application No. 2814330 is not deemed to be relevant to the patentability of the instant application. Accordingly, Applicants merely ask that this Information Disclosure Statement be placed in the file of this case.

Respectfully submitted,
